Handbook for VET educators

Based on a motivational style of teaching and blended learning, partners developed a Handbook with comprehensive and practical resource that equips VET educators with effective strategies to train B&P managers in fostering an autism-inclusive workplace culture.

Following a motivational approach, the Handbook drew inspiration from the thematic units outlined in the IMPRINT Manual (A2) and provided a structured framework to guide educators in delivering training on autism-inclusive hiring, training and retaining to learners (managers), encouraging active engagement and meaningful understanding.

The handbook contains, for each unit of the Manual, the following contents: theoretical background, objectives, learning outcomes, methodologies and three practical activities in online learning and three practical activities in face to face version, lasting 2 hours each, completed with list of needed materials.

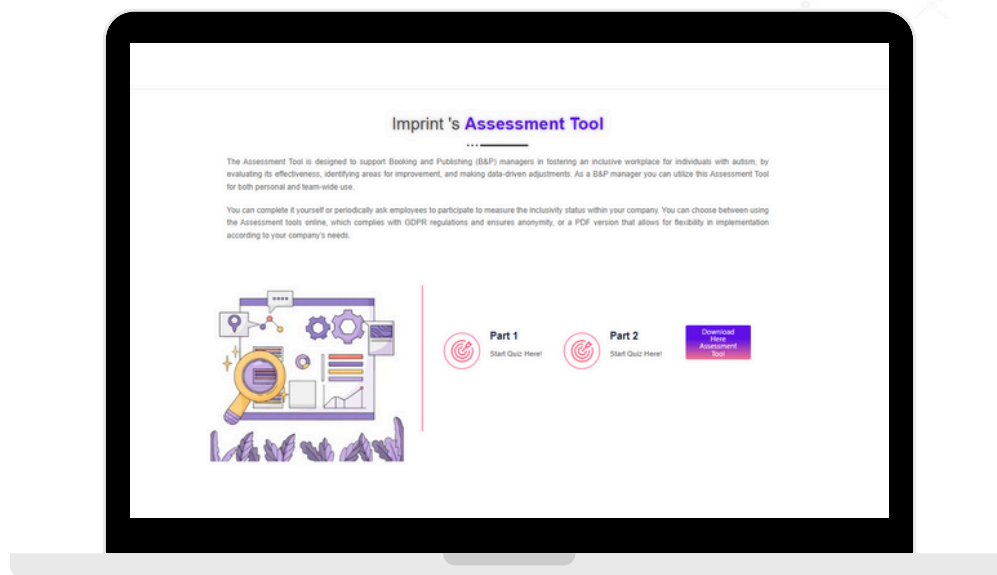

The Handbook will be translated in partners' languages (fr/el/it) and after that the IMPRINT partners will deliver 2-day national, hybrid training to 60 VET trainers/educators (20/partner) to validate its effectiveness and ensure its high quality as well as communicate the project to the specific target group.

Imprint's Assessment Tool

The Assessment Tool is designed to support Booking and Publishing (B&P) managers in fostering an inclusive workplace for individuals with autism, by evaluating its effectiveness, identifying areas for improvement, and making data-driven adjustments.

B&P manager can utilize the Assessment Tool for both personal and team-wide use. Managers can complete it on their own or periodically ask employees to participate to measure the inclusivity status within their company.

The Assessment tool could be used online, which complies with GDPR regulations and ensures anonymity, or downloading a PDF version that allows for flexibility in implementation according to companies' needs.
